

Earthen Connect

Bringing Nature's Trust Through Technology

EARTHEN CONNECT

Connecting You To The Earth's
Goodness & Sustainability!

ABOUT US

A Canadian startup that's changing the game when it comes to sustainable living and ethical future. Our passion for organic farming practices and fair-trade principles shines through in every aspect of our business.

OUR VISION

our vision is to create a world where sustainable living is embraced. We strive to be at the forefront of the organic revolution, empowering individuals to make conscious choices that benefit both their well-being and the environment. Through our platform, we aim to connect consumers directly with local farmers who uphold the principles of organic farming and fair trade. By promoting transparency, traceability, and ethical practices, we envision a future where every purchase contributes to a healthier planet and a more equitable food system. We aspire to be a catalyst for positive change, inspiring individuals to embrace a sustainable lifestyle and fostering a deep connection between people and the Earth.

OUR MISSION

Earthen Connect is the embodiment of sustainable living. But what really sets Earthen Connect apart is their emotional connection to the environment. We understand that every choice we make as consumers has an impact on the world around us. That's why we've made our mission to provide sustainable solutions that promote environmental stewardship and social responsibility.

Earthen Connect is more than just a product - it's a symbol of hope for a more sustainable and equitable future. Take action now and begin to have a positive impact on the world around you by joining the Earthen Connect.

ABOUT US

Our **Farm-to-Fork** strategy ensures traceability, fair trade, and organic excellence. With our subscription-based approach and **Direct-to-Consumers** convenience, we empower individuals to make conscious choices, supporting local farmers and fostering a healthier planet for all.

Fair Trade

When you choose Earthen Connect, you're not just getting high-quality organic products. You're supporting a community of farmers who are committed to sustainable agriculture and fair compensation for their hard work.

Traceability

Traceability is at the core of our commitment to transparency and quality. Through our advanced food tracking system, we provide consumers with the ability to trace the journey of their food, from the farms where it was grown to the table where it is enjoyed. This traceability ensures that our customers have complete visibility into the origin, handling, and certification status of the products they purchase.

SUBSCRIBE

Subscription

Our subscription-based purchase model makes it easy to incorporate organic products into your daily routine. You can enjoy the convenience of having your favorite organic products delivered right to your doorstep.

We offer **non-GMO**, **chemical-free**, and **pesticide-free** products, **100% Organic** products providing consumers with a healthier and more environmentally friendly option.

OUR STORY

Our story starts with a group of local farmers who cultivate naturally and organically. These farmers faced a difficult challenge – how to get their products to consumers in a fair and sustainable way. We recognized their struggle and knew that we could make a difference.

We started by helping these farmers with fair prices and providing guidance, teaching them about the latest technology and methods to sell their products. This created a strong partnership between us and the farmers, allowing us to offer the highest quality, 100% organic products to our customers.

As a start-up in Canada, we faced our own challenges, including how to bring our organic products to a larger audience. We saw a need for a technological revolution in the organic food industry – one that would allow us to offer authentic, organic products on a global platform.

Through our commitment to sustainability and fair trade principles, we have established a farm-to-fork model that ensures our customers receive only the freshest, healthiest products. We take pride in knowing exactly where our products come from and how they are grown, ensuring transparency and traceability in our supply chain.

Our technological advancements in product traceability allow us to promote exposure in Canada and beyond. We believe that by creating a connection between consumers and the farmers who grow their food, we can make a positive impact on the world around us.

At Earthen Connect, our story is one of passion, commitment, and sustainability. We are proud to offer 100% organic products that promote environmental stewardship and social responsibility while supporting local farmers and communities.

WE KNOW THAT THE FUTURE OF OUR PLANET DEPENDS ON SUSTAINABLE LIVING PRACTICES, AND WE'RE COMMITTED TO DOING OUR PART TO MAKE A DIFFERENCE. LETS PROMOTE ORGANIC LIVING, SUPPORT LOCAL FARMERS, AND CREATE A BETTER WORLD FOR ALL.

TRACEABILITY

What is Traceability?

Traceability for organic products is the ability to track and trace the origin, movement, and handling of an organic product through the supply chain. It provides a comprehensive record of the product's journey, including information about its origin, handling, and certification status.

Challenges in Traceability-

We observed some challenges in tracking and traceability of pure Organic products such as complex supply chain, lack of standardization, inconsistent quality, certifications fraud, limited technological infrastructure. These challenges can make it difficult for consumers to trust that the organic products they purchase have been produced in an ethical and sustainable manner.

We concluded that implementing effective traceability systems can help to address these issues and promote transparency in the supply chain.

FOLLOW YOUR FOOD FROM FARM TO FORK

OUR TRACEABILITY SOLUTION

FROM FARM TO FORK, EVERY DETAIL ABOUT YOUR PRODUCT IS JUST A SCAN AWAY!

TRANSPORT DETAILS

- ENSURING TRANSPARENCY THROUGH MAPPING THE JOURNEY FROM FARM TO DESTINATION
- KILOMETERS/MILES TRAVELLED
- SPECIAL HANDLING CONDITIONS

QUALITY CHECK

- INSPECTION REPORT
- QUALITY TESTING REPORT
- FOOD SAFETY

PROCESSING

- METHOD OF PROCESSING
- PRESERVATION METHOD

PRODUCT ORIGIN

- GEOTAGGED FIELD LOCATION
- CROP VARIETY
- DATE OF HARVEST
- FIELD ORGANIC CERTIFICATION

At Earthen Connect, we understand the importance of traceability in the agriculture supply chain and have developed an application to help facilitate it. The QR code traceability system offered by Earthen Connect can be incredibly beneficial for consumers in several ways, including:

Transparency :

QR code shows purchase journey from farm to fork, giving transparency and understanding of food source.

Authenticity :

QR code verifies organic product authenticity & shows production

Safety :

Traceability system adds safety by allowing consumers to track purchased products, crucial for food safety to identify contamination sources.

Quality assurance :

The QR code system assures consumers of high-quality, organic products meeting Earthen Connect's strict standards.

Environmental impact :

QR code traceability shows consumers the environmental impact of their purchases by revealing the production methods used for the product

Education :

The QR code educates consumers on organic farming practices and sustainable living. By providing information on products, Earthen Connect can promote the benefits of organic living.

SAY GOODBYE TO MYSTERY PRODUCTS AND HELLO TO COMPLETE TRANSPARENCY WITH EARTHEN CONNECT'S QR CODE TRACEABILITY SYSTEM - IT'S LIKE HAVING A PERSONAL FARM-TO-FORK JOURNEY IN YOUR POCKET.

SUBSCRIPTION BASED MODEL

Earthen Connect's subscription-based model is a service that provides regular deliveries of organic products to customers who have opted for a monthly or weekly subscription. Here are some benefits of Earthen Connect's subscription-based model for consumers:

Convenience

The subscription-based model eliminates the need for customers to go to a store to purchase organic products. With a subscription, products are delivered right to their doorstep, making it more convenient for customers to access the products they need.

Cost Savings

Earthen Connect offers a discount on the price of the products for customers who subscribe, which can lead to significant cost savings over time.

Customization

Customers can customize their subscription based on their preferences, such as the frequency of delivery, the quantity and types of products they receive, and the delivery date and time.

Flexibility

Earthen Connect's subscription-based model allows customers to pause, modify, or cancel their subscription at any time, giving them more flexibility and control over their orders

Enjoy the convenience of high-quality, organic products delivered straight to your doorstep with Earthen Connect's subscription-based model and make sustainable living a part of your daily routine

DIRECT TO CUSTOMERS

Earthen Connect's D2C model allows them to provide customers with a seamless and personalized shopping experience, while also allowing them to maintain control over their product pricing, branding, and customer data.

- Earthen Connect's D2C model means that they can sell their organic products directly to consumers without the need for middlemen or intermediaries. By cutting out the middlemen, Earthen Connect can offer their products at a more competitive price while maintaining their commitment to fair trade practices and sustainability.
- The D2C model allows Earthen Connect to control the entire customer experience, from the moment a customer places an order to the time it is delivered to their doorstep. This means that Earthen Connect can maintain complete control over their branding and messaging, ensuring that their customers receive a consistent experience throughout the purchase journey.
- By selling directly to customers, Earthen Connect can collect valuable customer data and feedback, which they can use to improve their products and services. This information helps Earthen Connect to better understand their customers' needs and preferences, enabling them to create more personalized products and experiences.
- The D2C model enables Earthen Connect to build a loyal customer base by providing personalized recommendations and rewards programs. This strengthens the customer relationship and leads to repeat business and increased customer retention.

Experience farm-fresh goodness delivered right to your doorstep with Earthen Connect's Direct-to-Consumer model, bringing the bounty of local organic farmers straight to your kitchen.
